

State of Rhode Island and Providence Plantations Public Forums to Identify the Concerns of People with Disabilities and their Families

Every year during the week of the anniversary of the signing of the Americans with Disabilities Act (July 26th) the Governor's Commission on Disabilities and over 20 other state and non-profit agencies conduct a week long series of public forums to hear the concerns of people with disabilities and their families.

The forums are open for anyone to come in and speak; representatives of the sponsoring agencies will be there to listen.

It is important for state policy makers and planners to hear from people with disabilities and their families, their concerns about current services, needs that are not being addressed, and suggestions for improving services and expanding opportunities.
