

8th Annual

# Imagine Walk and Family Fun Day for Autism

April 25, 2010

Goddard State Memorial Park in Warwick

## *Take the Corporate Challenge*

*Just by taking a walk,  
you can help support  
children and adults with  
Autism Spectrum Disorders*

The **Imagine Walk and Family Fun Day for Autism** is a highly visible event, with thousands of participants and substantial media coverage. Your company's participation in the **Corporate Challenge** would be beneficial to your local community as well as to your employees; building team spirit and morale. The corporate team that raises the most money will be recognized with an award presentation, recognition on our website, in our newsletter and we will send press releases to the local media.

If you are not able to form a walk team, be a **corporate volunteer**. Your group can come to the Walk and volunteer as a group.

Contact Julie at (401) 785-2666 x 1004 or via e-mail [julie@theautismproject.org](mailto:julie@theautismproject.org).

The Autism Project is a local charity, dedicated to helping children and families with autism. Thank you for your support and willingness to "**Imagine**".
